Buckner Children and Family Services and Chevron Phillips Chemical Company: "Keeping Children on Course"

Since 1999, Chevron Phillips Chemical Company has hosted the annual Charity Golf Tournament benefiting Buckner Children and Family Services of Southeast Texas. To date, the event has raised nearly \$1.4 million for vulnerable children and families to help meet the needs of the abused and neglected children in our area.

"The people at Chevron Phillips, both corporate and local, look forward to this golf tournament each year," said Margie Conway, Port Arthur Plant Manager. "It's one of the premier events in this area, and our employees are genuinely excited about it because of their personal involvement with Buckner."

Rick Kinder, Plant Manager in Orange added that he's glad to partner with Buckner.

"The dedication given by both Chevron Phillips employees and Buckner, helps to make this event one of the best in the area."

For more than 40 years in Southeast Texas, Buckner Children and Family Services has provided a safe home for boys and girls who have been abused, neglected or abandoned. In addition to foster care and adoption programs, Buckner helps young adults make the transition from substitute care to self sufficiency.

Buckner also serves families in crisis by offering free parenting classes, crisis intervention services and support.

Buckner International is a global, faith-based resource dedicated to helping orphans, vulnerable children, families and elders. Drawing from 132 years of experience and using a vast and diverse range of services, Buckner finds solutions for many of the issues children and families face globally.

All proceeds from the Chevron Phillips Charity Golf Tournament will stay in Southeast Texas to benefit the children and families we serve.

Special thanks to our
